

## **Disclosures**

### Planners

**Russell Rosenberg**, Planner, is on the Advisory Board and a Research Grant Participant for Jazz Pharmaceuticals; and a Research Grant Participant and on Speakers' Bureau for Merck.

**Gail Reid**, Planner, disclosed no relevant financial relationships.

### Content Reviewers

**Heidi Riney** disclosed no relevant financial relationships.

**Parina Aggarwal** disclosed no relevant financial relationships.

### Content Contributors

#### **Section 1 – Normal Sleep & Its Variants**

##### Chapter 2 Normal Human Sleep: An Overview

**Mary Carskadon** disclosed no relevant financial relationships.

**William C. Dement** disclosed no relevant financial relationships.

##### Chapter 4 Daytime Sleepiness and Alertness

**Mary Carskadon** disclosed no relevant financial relationships.

**William C. Dement** disclosed no relevant financial relationships.

**Timothy Roehrs** disclosed no relevant financial relationships.

**Thomas Roth** is on the Advisory Board for Merck, a consultant for Pfizer and a consultant for Pernix.

##### Chapter 5 Sleep Deprivation

**Siobhan Banks** disclosed no relevant financial relationships.

**Mathias Basner** disclosed no relevant financial relationships.

**David Dinges** disclosed no relevant financial relationships.

##### Chapter 6 Genetics of Normal Human Sleep

**Mehdi Tafti** disclosed no relevant financial relationships.

#### **Section 2 – Sleep Mechanisms & Phylogeny**

##### Chapter 7 Neural Control of Sleep in Mammals

**Dennis McGint** disclosed no relevant financial relationships.

**Ronald Szymusiak** disclosed no relevant financial relationships.

##### Chapter 8 Rapid Eye Movement Sleep

**Jerome Siegel** disclosed no relevant financial relationships.

##### Chapter 9 Novel Techniques for Identifying Sleep Mechanisms and Disorders

**John Peever** disclosed no relevant financial relationships.

**Priyattam Shiromani** disclosed no relevant financial relationships.

#### **Section 3 – Physiology in Sleep**

##### Chapter 13 Cardiovascular Physiology and Coupling with Respiration: Central and Autonomic Regulation

**Ronald Harper** disclosed no relevant financial relationships.

**Richard Verrier** disclosed no relevant financial relationships.

##### Chapter 15 Respiratory Physiology: Central Neural Control of Respiratory Neurons and Motoneurons during Sleep

**Richard Horner** disclosed no relevant financial relationships.

##### Chapter 16 Respiratory Physiology: Understanding the Control of Ventilation

**Jane Butler** disclosed no relevant financial relationships.  
**Danny J. Eckert** disclosed no relevant financial relationships.

Chapter 17 Physiology of Upper and Lower Airways  
**Raphael Heinzer** disclosed no relevant financial relationships.  
**Frédéric Sériès** disclosed no relevant financial relationships.

Chapter 18 Respiratory Physiology: Sleep at High Altitudes  
**Philip Ainslie** disclosed no relevant financial relationships.  
**Keith Burgess** disclosed no relevant financial relationships.

Chapter 23 Sensory and Motor Processing during Sleep and Wakefulness  
**John Peever** disclosed no relevant financial relationships.  
**Barry Sessle** disclosed no relevant financial relationships.

#### **Section 4 Genetics and Genomic Basis of Sleep**

Chapter 30 Genetics and Genomic Basis of Sleep in Healthy Humans  
**Derk-Jan Dijk** disclosed no relevant financial relationships.  
**Hans Peter Landolt** disclosed no relevant financial relationships.

Chapter 31 Genetics and Genomic Basis of Sleep Disorders in Humans  
**Philip Gehrman** disclosed no relevant financial relationships.  
**Alan I. Pack** disclosed no relevant financial relationships.

#### **Section 5 Chronobiology**

Chapter 33 Anatomy of the Mammalian Circadian System  
**Joshua J. Gooley** disclosed no relevant financial relationships.  
**Clifford Saper** disclosed no relevant financial relationships.

Chapter 35 Human Circadian Timing System and Sleep-Wake Regulation  
**Orfeu Buxton** disclosed no relevant financial relationships.

Chapter 36 Sleep Homeostasis and Models of Sleep Regulation  
**Peter Achermann** disclosed no relevant financial relationships.  
**Alexander Borbély** disclosed no relevant financial relationships.

Chapter 37 Circadian Rhythms in Sleepiness, Alertness and Performance  
**Rylie J. Gabelhart** disclosed no relevant financial relationships.  
**Hans P.A. Van Dongen** disclosed no relevant financial relationships.

#### **Section 6 Pharmacology**

Chapter 41 Hypnotic Medications: Mechanisms of Action and Pharmacologic Effects  
**Wallace Mendelson** disclosed no relevant financial relationships.  
**Thomas Kilduff** disclosed no relevant financial relationships.

Chapter 42 Clinical Pharmacology of Other Drugs Used as Hypnotics  
**Shachi Tyagi** disclosed no relevant financial relationships.  
**Daniel J. Buysse** is a consultant for Merck, Medscape, Purdue, Emmi Solutions, Eisai, CME Outfitters and Otsuka.

Chapter 43 Wake Promoting Medications; Basic Mechanisms and Pharmacology  
**Seiji Nishino** disclosed no relevant financial relationships.

Chapter 44 Wake Promoting Medications: Efficacy and Adverse Effects

**Ruth M. Benca** is a research grant participant for Merck and a consultant for Merck and Janssen.

**Section 7: Psychobiology and Dreaming**

Chapter 48 Why We Dream

**Robert Stickgold** disclosed no relevant financial relationships.

**Erin Wamsley** disclosed no relevant financial relationships.

Chapter 51 Neurobiology of Dreaming

**Edward F. Pace-Schott** disclosed no relevant financial relationships.

**Dante Picchioni** disclosed no relevant financial relationships.

Chapter 52 Lucid Dreaming

**Michael Czeis** disclosed no relevant financial relationships.

**Martin Dresler** disclosed no relevant financial relationships.

**Daniel Erlacher** disclosed no relevant financial relationships.

Chapter 55 Dreams and Nightmares in Posttraumatic Stress Disorder

**Wilfred Pigeon** disclosed no relevant financial relationships.

**Part II**

**Section 8: Practice of Sleep Medicine: Impact, Presentation, and Diagnosis**

Chapter 58 Cardinal Manifestations of Sleep Disorders

**O'Neill D'Cruz** disclosed no relevant financial relationships.

**Bradley Vaughn** disclosed no relevant financial relationships.

Chapter 59 Physical Examination in Sleep

**Alon Avidan** is on Speakers' Bureau for Merck and Xenoport and consultant for Sanovian.

**Meir Kryger** disclosed no relevant financial relationships.

Chapter 60 Use of Clinical Tools and Tests in Sleep Medicine

**Ronald Chervin** disclosed no relevant financial relationships.

**Cathy Goldstein** disclosed no relevant financial relationships.

Chapter 63 Sleep Medicine, Public Policy, and Public Health

**Raghu Upender** disclosed no relevant financial relationships.

Chapter 64 Sleep and Athletic Performance

**Scott Kutscher** disclosed no relevant financial relationships.

**Section 9: Legal Topics in Sleep Medicine**

Chapter 66 Legal Obligations of Persons with Sleep Disorders or Who Treat or Hire Them

**Daniel B. Brown** disclosed no relevant financial relationships.

**Section 10: Occupational Medicine**

Chapter 72 Sleep and Performance Prediction Modeling

**Thomas Balkin** disclosed no relevant financial relationships.

**Steven Hursh** disclosed no relevant financial relationships.

**Hans P.A. Van Dongen** disclosed no relevant financial relationships.

#### Chapter 73 Fatigue Risk Management Systems

**Gregory Belenky** disclosed no relevant financial relationships.

**Philippa Gander** disclosed no relevant financial relationships.

**Laura Hoeg** disclosed no relevant financial relationships.

**Amanda Lamp** disclosed no relevant financial relationships.

**Margo van den Berg** disclosed no relevant financial relationships.

**Lora Wu** disclosed no relevant financial relationships.

#### Chapter 74 Drowsiness in Transportation Workers

**Patricia Sagaspe** disclosed no relevant financial relationships.

**Pierre Philip** disclosed no relevant financial relationships.

**Jacques Taillard** disclosed no relevant financial relationships.

#### Chapter 75 Shift Work, Shift-Work Disorder and Jet Lag

**Christopher Grant** is on Speakers' Bureau and is a research grant participant for Teva Pharmaceuticals; on Speakers' Bureau and a research grant participant for Merck; a research grant participant for Jazz Pharmaceuticals and a research grant participant for Pernix, Inc.

**Kenneth P. Wright, Jr.** is a research grant participant for Philips, Inc. and Torvec, Inc. (also SAB).

#### Chapter 78 Optimizing Shift Scheduling

**John Axelsson** disclosed no relevant financial relationships.

**Göran Kecklund** disclosed no relevant financial relationships.

**Mikael Sallinen** disclosed no relevant financial relationships.

### Section 11: Insomnia

#### Chapter 81 Insomnia: Epidemiology and Risk Factors

**Kenneth Lichstein** disclosed no relevant financial relationships.

**Christina McCrae** disclosed no relevant financial relationships.

**Megan Petrov** disclosed no relevant financial relationships.

**Daniel J. Taylor** disclosed no relevant financial relationships.

#### Chapter 82 Etiology and Pathophysiology of Insomnia

**Jason Ellis** disclosed no relevant financial relationships.

**Jacqueline D. Kloss** disclosed no relevant financial relationships.

**Michael Lloyd Perlis** disclosed no relevant financial relationships.

**Dieter Riemann** disclosed no relevant financial relationships.

#### Chapter 83 Insomnia Diagnosis, Assessment, and Evaluation

**J. Todd Arnedt** disclosed no relevant financial relationships.

**Philip Gehrman** disclosed no relevant financial relationships.

**Jason Ong** is a consultant for Big Health Inc.

#### Chapter 84 Insomnia and Health

**Julio Fernandez-Mendoza** disclosed no relevant financial relationships.

**Christopher Kline** disclosed no relevant financial relationships.

**Alexandros Vgontzas** disclosed no relevant financial relationships.

#### Chapter 85 Cognitive Behavior Therapies for Insomnia I: Approaches and Efficacy

**Charles Morin** disclosed no relevant financial relationships.

#### Chapter 86 Psychological and Behavioral Treatments for Insomnia II

**Jack D. Edinger** disclosed no relevant financial relationships.

**Melanie Leggett** disclosed no relevant financial relationships.

**Rachel Manber** disclosed no relevant financial relationships.

Chapter 87 Pharmacologic Treatment of Insomnia: Benzodiazepine Receptor Agonists

**Thomas Roth** is on the Advisory Board for Merck, a consultant for Pfizer and a consultant for Pernix.  
**James K. Walsh** disclosed no relevant financial relationships.

**Section 12: Neurologic Disorders**

Chapter 90 Narcolepsy: Diagnosis and Management

**Michelle Cao** disclosed no relevant financial relationships.

Chapter 91 Idiopathic Hypersomnia

**Yves Dauvilliers** disclosed no relevant financial relationships.

Chapter 92 Parkinsonism

**Ronald Postuma** disclosed no relevant financial relationships.

**Isabelle Arnulf** disclosed no relevant financial relationships.

**Claudia Trenkwalder** is on Speakers' Bureau for Britannia, Mundipharma, UCB and AstraZeneca.

**Section 13: Parasomnias**

Chapter 101 Parasomnias: Overview and Approach

**Bradley Vaughn** disclosed no relevant financial relationships.

Chapter 102 Non-Rapid Eye Movement Parasomnias: Clinical Spectrum, Diagnostic Features and Management

**Alon Avidan** is on Speakers' Bureau for Merck and Xenoport and consultant for Sanovian.

Chapter 103 Rapid Eye Movement Sleep Parasomnias

**Bradley F. Boeve** disclosed no relevant financial relationships.

**Michael H. Silber** disclosed no relevant financial relationships.

**Erik K. St. Louis** disclosed no relevant financial relationships.

Chapter 106 Sleep Related Movement Disorders and Their Unique Motor Manifestations

**Charlene E. Gamaldo** disclosed no relevant financial relationships.

**Section 14: Sleep Related Breathing Disorders**

Chapter 107 Sleep Related Breathing Disorders: Classification

**Richard B. Berry** disclosed no relevant financial relationships.

Chapter 108 Sleep Breathing Disorders: Clinical Overview

**Reena Mehra** disclosed no relevant financial relationships.

**Douglas Moul** disclosed no relevant financial relationships.

**Kingman Strohl** disclosed no relevant financial relationships.

Chapter 109 Central Sleep Apnea: Definitions, Pathophysiology, Genetics, and Epidemiology

**Eliot Katz** disclosed no relevant financial relationships.

**Madalina Macrea** disclosed no relevant financial relationships.

**Atul Maholtra** disclosed no relevant financial relationships.

Chapter 114 Obstructive Sleep Apnea: Clinical Features, Evaluation and Principles of Management

**Harly Greenberg** disclosed no relevant financial relationships.

**Viera Lakticova** disclosed no relevant financial relationships.

**Steven M. Scharf** disclosed no relevant financial relationships.

Chapter 115 Positive Airway Pressure Treatment for Obstructive Sleep Apnea

**Neil Freedman** disclosed no relevant financial relationships.

Chapter 116 Medical and Device Treatment for Obstructive Sleep Apnea: Alternative, Adjunctive and Complementary Therapies

**Luis Buenaver** disclosed no relevant financial relationships.

**Susheel Patil** disclosed no relevant financial relationships.

**Ephraim Winocur** disclosed no relevant financial relationships.

**Section 15: Cardiovascular Disorders**

Chapter 124 Sleep-Related Cardiac Risk

**Murray Mittleman** disclosed no relevant financial relationships.

**Richard Verrier** disclosed no relevant financial relationships.

Chapter 125 Cardiac Arrhythmogenesis during Sleep: Mechanisms, Diagnosis, and Therapy

**Richard Verrier** disclosed no relevant financial relationships.

Chapter 126 Cardiovascular Effects of Sleep-Related Breathing Disorders

**Virend Somers** is a consultant for Respicardia, Philips Respironics, Rhonda Grey, ResMed, GlaxoSmithKline, Sorin, NIH SDRAB Advisory Board and NIH Research Grant Participant.

**Shahrokh Javaheri** is a speaker for ResMed and Philips Respironic and on the advisory board for Respicardia.

Chapter 127 Systemic and Pulmonary Hypertension in Obstructive Sleep Apnea

**Shahrokh Javaheri** is a speaker for ResMed and Philips Respironics and on the advisory board for Respicardia.

**F. Javier Nieto** disclosed no relevant financial relationships.

**Paul Peppard** disclosed no relevant financial relationships.

Chapter 129 Heart Failure

**Shahrokh Javaheri** is a speaker for ResMed and Philips Respironics and on the advisory board for Respicardia.

**Section 16: Other Medical Disorders**

Chapter 130 Sleep and Fatigue in Cancer Patients

**Sonia Ancoli-Israel** is a consultant for Merck and a consultant for Pernix.

**Marie-Hélène Savard** disclosed no relevant financial relationships.

**Josée Savard** disclosed no relevant financial relationships.

Chapter 131 Fibromyalgia and Chronic Fatigue Syndromes

**Douglas Kirsch** disclosed no relevant financial relationships.

**Christine Won** disclosed no relevant financial relationships.

Chapter 132 Endocrine Disorders

**Octavian Ioachimescu** disclosed no relevant financial relationships.

Chapter 134 Sleep and Chronic Kidney Disease

**John Park** disclosed no relevant financial relationships.

**Kannan Ramar** disclosed no relevant financial relationships.

Chapter 135 Sleep in the Critically Ill Patient

**Siavash Farshidpanah** disclosed no relevant financial relationships.

**Margaret Pisani** disclosed no relevant financial relationships.

**Paula Watson** disclosed no relevant financial relationships.

**Section 17: Psychiatric Disorders**

Chapter 136 Anxiety Disorders and Posttraumatic Stress Disorder

**Murray B. Stein** disclosed no relevant financial relationships.

**Steven Szabo** disclosed no relevant financial relationships.

Chapter 137 Unipolar Major Depression

**Jared Minkel** disclosed no relevant financial relationships.

**Ruth M. Benca** is a research grant participant for Merck and a consultant for Merck and Janssen.

Chapter 139 Schizophrenia

**Irwin Feinberg** disclosed no relevant financial relationships.

**Kathleen Benson** disclosed no relevant financial relationships.

Chapter 140 Medication and Substance Abuse

**Timothy Roehrs** disclosed no relevant financial relationships.

**Thomas Roth** is on the Advisory Board for Merck, a consultant for Pfizer and a consultant for Pernix.

**Section 18: Dentistry and Otolaryngology in Sleep Medicine**

Chapter 144 Sleep Bruxism: Definition, Prevalence, Classification, Etiology, and Consequences

**Taro Arima** disclosed no relevant financial relationships.

**Eduardo Castrillon** disclosed no relevant financial relationships.

**Gilles Lavigne** disclosed no relevant financial relationships.

**Peter Svensson** disclosed no relevant financial relationships.

Chapter 145 Sleep Bruxism: Diagnostic Considerations

**Kiyoshi Koyano, Frank Lobbezoo, Daniele Manfredini, and Daniel Paesani** have no financial relationships with commercial interests relative to content over which they have control.

Chapter 146 Orofacial Pain and Temporomandibular Disorders in Relation to Sleep-Disordered Breathing and Sleep Bruxism

**Gregory Essick** disclosed no relevant financial relationships.

**Gilles Lavigne** disclosed no relevant financial relationships.

**Karen Raphael** disclosed no relevant financial relationships.

**Anne Sanders Raphael** disclosed no relevant financial relationships.

Chapter 147 Oral Appliances for the Treatment of Obstructive Sleep Apnea-Hypopnea Syndrome and Concomitant Sleep Bruxism

**Maria Clotilde Carra** disclosed no relevant financial relationships.

**Fernanda Almeida** disclosed no relevant financial relationships.

**Peter Cistulli** disclosed no relevant financial relationships.

Chapter 150 Pharmacotherapy, Complementary, and Alternative Medicine for Sleep Bruxism

**Luis Buenaver** disclosed no relevant financial relationships.

**Susheel Patil** disclosed no relevant financial relationships.

**Ephraim Winocur** disclosed no relevant financial relationships.

**Section 19: Sleep in Older Adults**

Chapter 151 Psychiatric and Medical Comorbidities and Effects of Medications on Older Adults

**Steven Barczi** disclosed no relevant financial relationships.

Chapter 152 Obstructive Sleep Apnea in Older Adults.

**Barbara Phillips** disclosed no relevant financial relationships.

Chapter 154 Circadian Rhythms in Older Adults

**Sonia Ancoli-Israel** is a consultant for Merck and a consultant for Pernix.

**Katie Stone** disclosed no relevant financial relationships.

**Gregory Tranah** disclosed no relevant financial relationships.

**Section 20: Sleep in Women**

Chapter 155 Sex Differences and Menstrual-Related Changes in Sleep and Circadian Rhythms

**Fiona Baker** disclosed no relevant financial relationships.

**Louise O'Brien** disclosed no relevant financial relationships.

Chapter 157 Sleep-Disordered Breathing in Pregnancy

**Judette Louis** disclosed no relevant financial relationships.

**Bilgay Iczl Balsarak** disclosed no relevant financial relationships.

**Melissa Knauert** disclosed no relevant financial relationships.

Chapter 158 Postpartum Period and Early Motherhood

**Katherine Sharkey** disclosed no relevant financial relationships.

**Robyn Stremler** disclosed no relevant financial relationships.

**Amy Wolfson** disclosed no relevant financial relationships.

Chapter 159 Sleep and Menopause

**Fiona Baker** disclosed no relevant financial relationships.

**Kathryn Aldrich Lee** disclosed no relevant financial relationships.

**Section 21: Instrumentation and Methodology**

Chapter 162 Central Nervous System Arousals and Cyclic Alternating Patterns

**Liborio Parrino** disclosed no relevant financial relationships.

Chapter 163 Neurologic Monitoring Techniques

**Beth Malow** disclosed no relevant financial relationships.

Chapter 166 Cardiopulmonary Coupling Sleep Spectograms

**Robert Joseph Thomas** is a consultant for MyCardio, LLC.

Chapter 167 Pulse Wave Analysis during Sleep

**Ludger Grote** is a consultant for Weinmann GMBH and a research grant participant with Itamar and Weinmann GMBH.

**Ding Zou** disclosed no relevant financial relationships.

Chapter 170 Chronobiologic Monitoring Techniques

**John Herman** disclosed no relevant financial relationships.
